COMPACT ACTION NETWORK 13-10-17

Thanks to everyone who completed the survey about the Network. We tested the new format, based on your feedback, on Friday 13th October.

More than 30 signatories attended, and we heard from Leanne Thom-Leeson (Bethany) Ian Clifton (Deakin) and Stan Corner (Business Technology Specialists) about their experiences in implementing their GROW actions from the perspectives of a community organisation, large institution and small business. Look out for these inspiring stories on the GROW website shortly.

Chris Newman from ArcBlue discussed opportunities for social procurement, and his presentation is available now on the website [here](#).

Richard Goodfellow from ArcBlue, and Kerry Farrance from GROW gave a demonstration of the individual dashboards, which everyone has access to once they have submitted their data (current template [here](#)).

We ended the session with some intense networking! Looking forward to our next meeting on Friday December 8, which will focus on employment.

FEED GEELONG APPEAL

As you know, GROW is an initiative of the Give Where You Live Foundation, who are currently raising funds to support the 50+ organisations in our community's emergency food relief system.

You are invited to attend the Christ Church Community Lunch to experience a meal just like hundreds in our region do each week.

Tickets are only \$25 each, or purchase a table for eight attendees for \$160. 100% goes directly to the Feed Geelong Appeal as the meals are kindly being donated by Christ Church and SecondBite with staff from GMHBA (another GROW signatory) volunteering their time on the day.
