CORPORATE OVERVIEW

Fruit2work is an accredited social enterprise that delivers high quality fruit, milk and other pantry items, with a personalised service to workplaces. We are currently delivering to customers located in and around Melbourne as well as the City of Geelong.

All our products are sourced from local suppliers where possible. Our fruit arrives fresh from the market and our dairy supplier is a locally owned dairy, contributing back to the local community.

To date, F2W has created over 30 opportunities for people to get back on their feet, gain employment and contribute back to society in a meaningful way. That is a cost avoidance for the community of over \$15,000,000.00! All the while assisting offices to create a positive and healthy environment for their employees.
